## Under The Pale Moonlight

*I have told you stories from when I was young  
Shown you pictures from my hometown  
And dreams and ideas from the tip of my tongue  
I have shared with you*

*How many times have we met in this bar  
Telling the same old jokes  
Looked deep in your eyes and deep in the jar  
Laughed 'bout chicks and blokes*

*- There is just one thing I've been holding back  
Keepin' it to myself  
Now I am falling in love with you  
And I will tell you tonight*

*"But I will wait 'til the stars come out  
When they are closing the doors tonight  
And you can hear the barman shout  
Our love is beyond all doubt  
I'll follow you through the night  
We'll be under the pale moonlight"*

*You smile and you say I'm so strange tonight  
Which I rapidly deny  
I'm not any stranger than you, all right  
Like if that's an alibi*

*- Why I am so nervous, well I don't know  
Honey, you're my best friend  
Now I'm falling in love with you  
And I will tell you tonight*

*"But I will wait 'til the stars come out..."*
